**************************
After applying the APAR
A. If none of the installation, deployment, and
configuration steps have been completed, no special action is
needed.  You can proceed with those steps.
B. If an installation deployment was done:
1. You must deploy the updated SMPE target libraries to
your runtime dataset names.
2. If desired, make a backup copy of the runtime libraries.
3. Refer to the 'Deploy Product Maintenance' section in the
CA Compliance Event Manager documentation for assistance.
```
