DISPLAY POLICY SET MODIFY DATE AND BY
PROBLEM DESCRIPTION:
The View Policy Set page in CA Compliance Event Manager UI has been
enhanced to add the following fields:
- Modified Date (Date and timestamp when the last change was made)
- Modified By (User ID that last made changes)
- Date Report Generated
(Date and timestamp when the View Policy Set report was generated)
SYMPTOMS:
The CA Compliance Event Manager UI does not display the Modified Date ed By
and Modified By fields or the date and time the View Policy Set page was
generated.
IMPACT:
Users cannot view audit data for the View Policy Set page.
CIRCUMVENTION:
None.

	C. If you are not using CA Top Secret as your ESM, no special
	action is needed.
	D. If an installation deployment was done:
	1. If desired, make a backup copy of the runtime libraries.
	2. Deploy the updated SMPE target libraries to your runtime
	data set names.
	3. Refer to the 'Deploy Product Maintenance Using Sample Jobs'
	section in the CA Compliance Event Manager documentation
	for assistance.
	E. If the following error is encountered while running the
	CEMCCONF job for symbol @DSI_PROC@:
	ETJSH730E: Symbol substitution was not successful
	The following steps will correct this error without destroying
	changes already made to your CONFIG.DATA data set:
	1. Replace @DSI_PROC@ with @CIARS_PROC@ in the J00170SA job
	in your cemehlq.cememlq.STAGE.JOBLIB library.
	2. Rerun the CEMCCONF job.
	3. Proceed with the remaining customization and configuration
	steps.
