| Service | Details  |                     |
|---------|--|---------------------|
| LU02710 | LU02710 M.C.S. ENTRIES = ++PTF (LU02710)   |                     |
|         | INCORRECT DISPLAY IN THE EDITOR WITH RIGHT   |                     |
|         | PROBLEM DESCRIPTION:   |                     |
|         | In the editor, scrolling to the right may produce an incorrect display.  |                     |
|         | SYMPTOMS:  |                     |
|         | The user starts a Browse or Edit session and presses PF11 (or types the RIGHT primary command) in order to view the data farther to the right.                   |                     |
|         | The resulting display is incorrect. The data may appear scrambled or shifted.  |                     |
|         | IMPACT:  |                     |
|         | The problem only occurs with data sets that have a record length smaller than the screen width. The problem occurs with non-VSAM and VSAM data sets except KSDS. |                     |
|         | The problem does not occur in Multiple Format (MF) mode.   |                     |
|         | CIRCUMVENTION:   |                     |
|         | Use MF mode.   |                     |
