ENTRIES = ++PTF (LU04567) DCI 2.0 WEBUI REVISION 1359 ADDS NEW BUDGET VIEW REPORT ENHANCEMENT DESCRIPTION: Revision 1359 of the WebUI provides the following changes: A new Budget View report tab was added to the DCI WebUI. Through the DCI ISPF interface users can create projected estimates of MSU usage for a given contract period. This WebUI enhancement then provides a graphical visualization of how budgeted and actual MSU values compare. Note: Another PTF is required for the ISPF component to be able to define budget reporting periods used by the new report. See the product documentation for more information on these changes.
