

## Specific Program Documentation

- **FOR SYMANTEC™ NETWORK PROTECTION**

The CA software program(s) ("CA Software") listed below is provided under the following terms and conditions in addition to any terms and conditions referenced on the CA quote, order form, statement of work, or other mutually agreed ordering document (each a "Transaction Document") under the applicable end user agreement or governing contract (collectively, the "Agreement") entered into by Customer and the CA entity ("CA") through which Customer obtained a license for the CA Software. These terms shall be effective from the effective date of such Transaction Document.

**Program Name:** Network Protection is a solution including multiple product offerings each including supporting artifacts, such as stand-alone software agents or packages in support of the solution.

### 1. DEFINITIONS

- **"User(s)"** means every employee of the Customer; including all Customer agents, partner resources, and contractor resources (i.e., each individual person) authorized by Customer to use and/or benefit from the use of Network Protection. Additionally, if Customer utilizes the cloud services portions of Network Protection for traffic not associated to User activities, CA reserves the right to consider each 8 Gigabytes consumed per month of such traffic as an additional User.

### 2. USE RIGHTS AND LIMITATIONS

Customer may use Network Protection for the number of Users as set forth in the Transaction Document. Network Protection is a packaged solution comprised of the products listed below. Terms of use, purposes, features, and technical characteristics of each of the listed products are as described in their respective SPD or SaaS Listing available at <https://www.broadcom.com/company/legal/licensing> or [www.legaldocs.broadcom.com](https://www.legaldocs.broadcom.com). In the event of any conflict between the terms or definitions of this Network Protection SPD and the terms or definitions in the SPD or SaaS Listing corresponding to the products listed below, the terms and definitions of this Network Protection SPD shall govern.
